441 G Street, N.W.
Washington, D.C. 20548

Dear Ted,

I pulled together some materials (enclosed) we talked about as being helpful for your current study. I wish it could be more, but for reasons I explained, the details of operations of the various wheat boards are not priority research topics for us. I would hope that as your study nears completion, you could share some of your preliminary findings with us.

One final point. We would like to have the classified documents returned to us after the project is complete. If any unclassified papers are prepared on the basis of our reports, we would like to have a chance to review them for security purposes.

Sincerely,

25X1A

[REDACTED]
Deputy Director
Economic Research

INTERNATIONAL DIVISION

OCT 28 1975

The Honorable William E. Colby
Director, Central Intelligence Agency

Attention: Mr. Paul V. Walsh
Associate Deputy Director

Dear Mr. Colby:

We have been requested by the Subcommittee on Multinational Corporations of the Senate Committee on Foreign Relations to provide information on the grain export marketing systems in Canada, Western Europe, Argentina and Australia, and the soybean export marketing system in Brazil.

Our review will involve obtaining information available at the Departments of Agriculture and State, the Executive Office of the President, local representative of the countries involved, and international organizations. We plan also to perform review work in the subject countries that would involve contacts with U.S. Embassy personnel representing the Departments of State and Agriculture, and officials of the countries.

The work will be performed by the International Division and should last several months. The code number of the assignment is 48267. We would appreciate the assistance of your office in notifying appropriate officials of our review.

We would be pleased to meet with you or your representatives to discuss our interests and objectives and the information needed to complete this assignment.

If you have any questions, please contact Mr. Theodore J. Becker, Assistant Director, on 275-5889.

Sincerely yours,

J. E. Milgate
